**Advantage Technologies to transfer Texas operations to Pact-One Solutions**

**Dallas, TX**

NTG Systems announced today that it is consolidating operations of the Texas market. Advantage Technologies will be transferring the operational staff and customer base of its Texas clients to Pact-One Solutions. The move is the next step in the merger of the two companies. The Dallas, TX office of Pact-One solutions will manage operations for the entire Texas market for NTG Systems.

Customers will be notified the week of July 23, 2007, and the official transfer of customers and operations will be effective August 1, 2007. Corporate partners are being notified the week of July 16, 2007.

The consolidation of operations will allow NTG systems to use freed resources towards new markets currently under consideration for expansion.

NTG Systems is the nationwide leader in medical and dental technology integration services. With offices in fifteen states throughout the country, NTG provides local services for more than five thousand dental and medical practices.
